March 16, 2020

Coronavirus

Due to the COVID-19 concerns, the JATC is temporarily suspending all in-person training classes and events through April 30, 2020. We will re-evaluate our status prior to April 30th. This includes regular classes, regional classes, CETS classes and Apprenticeship Contests. All Instructors are not to travel for any JATC sponsored events, meeting, classes and committees.

All apprentices will be enrolled into our Online Interactive Learning for Sprinkler Fitters (O.I.L.S.) program. This will allow all apprentices to obtain their required 40 hours of annual training. New York apprentices will be enrolled into a special O.I.L.S. program in order to obtain their 144 hours of annual training.

In areas that have Continue Education requirements for Licensing, we are communicating with those governing bodies to determine how to comply with those regulations.

Please check the Local 669 website (sf669.org) on a regular basis for the latest updates. There will be updates provided on a regular basis. Be patient and be kind to others as we navigate our way through this crisis.

If you have any questions contact us by phone or email.
